

**Area 11 – Birdcage Heights
Neighborhood Association Meeting
March 15, 2023**

We are very pleased to announce our guest speakers this month will be Meghan Huber, Director, and Courtney Riddle, Analyst for the Economic Development and Community Engagement for the city. They will be discussing local community project grants and give us a little insight on the Community Block Party trailer. Come find out what exciting things are planned by and for our great city!

Additionally, we will have a Police Department representative provide us with the goings on in our neighborhood. We had previously scheduled the CHPD to provide us with information on forming a Neighborhood Watch. However, that information will now be presented at our April meeting.
