

COMMUNITY WORKSHOP

Citrus Heights Urban Greening Strategy

We want to hear from you!

Join us at a community workshop to share your input on public trees and landscaping. Urban forestry experts, landscape architects, and City staff will be available to answer questions and discuss goals and strategies for the Citrus Heights Urban Greening Strategy (CHUGS).

WE NEED YOU!

The City of Citrus Heights recognizes the value of urban trees and landscaping for a healthy and aesthetically pleasing community. We'd like to hear your thoughts and ideas as we begin developing the goals and objectives for CHUGS.

WHY?

The Citrus Height Urban Greening Strategy includes development of an Urban Forest Master Plan that will guide the management of public trees and the growth and preservation of tree canopy across the community over the next 25 years. In addition to the Master Plan, CHUGS includes a Water Efficient Landscape Ordinance and guidelines for native and drought tolerant landscapes.

The focus of CHUGS is to develop a more sustainable urban forest by improving conditions for urban trees and optimizing the environmental, economical, and social benefits urban trees provide to the community.

WHEN AND WHERE?

Tuesday, March 31, 2015
6-8p.m.

Trellis Hall

Citrus Heights Civic Center
6237 Fountain Square Drive, Citrus Heights

QUESTIONS?

If you can't join us or have additional questions, information is available at:
<http://www.citrusheights.net/840/Citrus-Heights-Urban-Greening-Strategy-C>

To request accommodation for individuals with disabilities, a minimum of 5 business days before the event is requested.
