PUBLIC HEARING

10. SUBJECT: Public Hearing #1 Regarding the Composition of the City’s Voting Districts 
    Pursuant to Elections Code Section 10010 (a)(1) California Voting Rights Act

STAFF REPORT: C. Boyd / K. Cooley

RECOMMENDATION: Staff Recommends the Council Hold the First Two Public 
    Hearings to Receive Input on the Composition and Number of Voting Districts, and Request 
    any Additional Information Needed for the Public Hearing Scheduled for March 14, 2019

Assistant to the City Manager Cooley stated that on January 10, 2019, the City Council adopted a 
resolution of intention to transition from at-large to district-based elections and that this is the first 
of two public hearings to inform the public about the districting process. She introduced the city’s 
consultants Doug Johnson and Shalice Tilton with National Demographics Corporation.

Doug Johnson and Shalice Tilton with National Demographics Corporation provided an overview 
of the districting process, and the criteria and goals when developing district maps. The maps must 
include an equal population in each district, comply with the Federal Voting Rights Act, and must 
xclude racial gerrymandering. The redistricting goals of the maps are to include communities of 
interest, be compact and continuous, have visible boundaries, respect voter’s choices, and 
incorporate planned future growth. Each of the five council districts would contain about 16,660 
residents, with a total population of 83,301 people. They provided a report on the demographic 
summary and asked residents to provide feedback and input on community of interests.

Council questions and comments followed.

Mayor Bruins opened the public hearing at 8:06 p.m.

Public Comment
Ted Costa suggested dividing the city into four council districts and have one at-large Mayor.

Mayor Bruins closed the public hearing at 8:09 p.m.

No further action was taken.

SUBJECT: 2018 Accessibility and Drainage Improvement Project
          Final Acceptance – City PN 20-18-004

Summary and Recommendation

On August 23, 2018, the City Council awarded a contract to Central Valley Engineering & Asphalt, Inc. (Contractor) to complete the 2018 Accessibility and Drainage Improvement Project (Project). The contractor has completed all work and the Project has been field accepted by staff.

Staff recommends the City Council approve Resolution No. 2019-___, a Resolution of the City Council of the City of Citrus Heights, California, Accepting the 2018 Accessibility and Drainage Improvement Project as Complete and Authorizing the City Engineer to Record a Notice of Completion and Release the Contract Retention.

Fiscal Impact

There is no fiscal impact to the 2018/2019 Fiscal Year Budget associated with this action. Sufficient funds were programed from the city’s federal Community Development Block Grant (CDBG) program and Storm Water Utility fund to cover the base contract and a 15% contingency.

The Contractor’s bid for the Project was $755,607.00 (Base Bid + Additive Alternate No. 1). During the course of work, three change orders were executed totaling $-4,006.49, which represents a 0.05% reduction. The final adjusted contract amount is $751,600.51.

Background and Analysis

On November 9, 2017, the City Council allocated $383,000.00 in CDBG funds to remove accessibility barriers on city streets. Subsequently, on August 9, 2018, the City Council amended
the 2018 CDBG Action Plan and increased the allocation to $469,293.00 due to an increase in the city’s overall entitlement grant amount.

The Project included the construction of 36 Americans-with-Disabilities-Act-compliant curb access ramps, repairs to failed sections of curb, gutter and sidewalk, and corrected a number of minor drainage deficiencies on residential streets. Due to the increased CDBG grant award, the city was also able to construct infill curb, gutter, and sidewalk in front of 6221 Auburn Boulevard (Ranch Motel) as part of the Project.

All work on the Project is complete, accepted by field staff, and ready for final acceptance by the City Council.

RESOLUTION NO. 2019- ___

WHEREAS, on August 23, 2018, the City Council of the City of Citrus Heights, California, authorized the award of a construction contract to Central Valley Engineering & Asphalt, Inc. to perform the 2018 Accessibility and Drainage Improvement Project (Project);

WHEREAS, the Project was funded with a Community Development Block Grant and Storm Water Utility Funds; and

WHEREAS, Central Valley Engineering & Asphalt, Inc. has successfully completed the work for the Project.

NOW THEREFORE BE IT RESOLVED AND ORDERED by the City Council of the City of Citrus Heights, that the 2018 Accessibility and Drainage Improvement Project is hereby accepted as complete.

BE IT FURTHER RESOLVED AND ORDERED that the City Engineer is authorized to record a Notice of Completion for the 2018 Accessibility and Drainage Improvement Project with the Sacramento County Recorder and to release the contract retention after the 35-day lien period.

The City Clerk shall certify the passage and adoption of this Resolution and enter it into the book of original resolutions.

PASSED AND ADOPTED by the City Council of the City of Citrus Heights, California, this 14th day of March 2019 by the following vote, to wit:

SUBJECT: Consolidated Annual Performance Evaluation Report to the U.S. Department of Housing and Urban Development on Program Year 2018 Community Development Block Grant Funds

Summary and Recommendation
Staff recommends the City Council take the following actions:

(1) Conduct a public hearing to review the city’s Consolidated Annual Performance and Evaluation Report (CAPER) for the Community Development Block Grant (CDBG) 2018 program year.

(2) Adopt a resolution approving the 2018 CAPER and direct staff to submit, with minor modifications as necessary, the CAPER report to the U.S. Department of Housing and Urban Development (HUD).

Fiscal Impact
There is no fiscal impact associated with this action.

Background and Analysis
HUD requires recipients of CDBG funds to submit an annual performance report within 90 days of the close of a grantee’s program year (March 31, 2019). The CAPER assesses the city’s progress toward carrying out its annual programs and activities as well as the goals and objectives identified in its 2015-2019 Consolidated Plan. During the 2018 program year, the city received a total of $696,616.00 in grant funds and $221,262.88 in program income. The city also receives funds from a variety of other state and federal housing programs.

CDBG regulations require the city to place a public notice in The Sacramento Bee 14 days in advance of a 15-day period to review and provide comments on the draft CAPER prior to approval by the City Council. A public notice announcing the availability of the CAPER was published in The Sacramento Bee on February 13, 2019, and copies of the CAPER were made
available for public review at designated locations and on the city’s website. Staff will include any public comments received during the public review period prior to submission to HUD. The public comment period began on February 27, 2019, and will conclude on March 14, 2019.

The City of Citrus Heights works collectively with a variety of non-profit agencies to fulfill unmet needs within the community. The highlights of the report are as follows:

- In 2018, 7,749 low-to moderate income persons/households were served; 99.5% of those served were low- to moderate-income.

- In 2018, 7,784 total persons/households benefitted from a variety of public services, including: an emergency food closet; an after-school program at the Sayonara Center; meals to seniors; housing counseling and permanent housing placement; juvenile diversion and education; as well as a free Renters Helpline to provide information and assist with fair housing disputes.

- Of those served in 2018, 5,068 had special needs. The city’s special needs population includes seniors, disabled persons, victims of domestic violence, homeless individuals or those at-risk of homelessness, households with five or more people receiving food from an emergency food closet, and other needs.

- The Sunrise Christian Food Ministry served over 6,500 residents in 2018. All contributions were used to purchase food and food packaging; there are minimal operating expenses as the food closet is staffed primarily by volunteers.

- The 2018 Accessibility and Drainage Improvement Project made a variety of infrastructure and accessibility improvements to low- and moderate-income neighborhoods. The project completed a missing section of sidewalk along Auburn Boulevard with new curb, gutter, and sidewalk; constructed accessible curb ramps; reconstructed failed sections of existing curb, gutter, and sidewalk; reconstructed and relocating drainage inlets; and reinstalled associated traffic striping, legends and markings.

The city’s 2019 CDBG operations are underway. In 2019, the city expects to complete a number of capital projects, including accessibility improvements to infrastructure, a park improvement project, as well as housing rehabilitation loans and grants. In addition, the City Council allocated public service funds to a variety of non-profit organizations to deliver a variety of services, including an informational hotline for tenants, homeless navigation and housing counseling, meals to seniors and low-income persons, after-school tutoring at the Sayonara Center, support for survivors of domestic violence, as well as a juvenile diversion and education program.

(2) Draft Consolidated Annual Performance Evaluation Report for Program Year 2018
RESOLUTION NO. 2019- ___

A RESOLUTION OF THE CITY COUNCIL OF THE CITY OF CITRUS HEIGHTS, CALIFORNIA, APPROVING THE CONSOLIDATED ANNUAL EVALUATION REPORT FOR PROGRAM YEAR 2018

WHEREAS, the City of Citrus Heights has applied for and received Community Development Block Grant (CDBG) funds as an entitlement jurisdiction from the Government of the United States under Title I of the Housing and Community Development Act of 1974;

WHEREAS, the U.S. Department of Housing and Urban Development (HUD) is the federal agency designated to regulate and oversee the administration of the CDBG program;

WHEREAS, HUD requires entitlement jurisdictions to complete an annual evaluation of their grant programs through a report known as the Consolidated Annual Performance and Evaluation Report (CAPER);

WHEREAS, a public notice was published on February 13, 2019 in The Sacramento Bee, 14 days in advance of a 15-day period to review and provide comments on the draft CAPER prior to approval by the City Council on March 14, 2019;

WHEREAS, approval of the CAPER is not subject to the California Environmental Quality Act (CEQA), pursuant to Section 15060(c) (2), as its approval will not result in a direct or reasonably foreseeable indirect physical change in the environment.

NOW THEREFORE BE IT RESOLVED AND ORDERED that the City of Citrus Heights does hereby:

(1) Approve the Consolidated Annual Evaluation Report (CAPER) for PY 2018,

(2) Authorize the City Manager to submit the CAPER to the U.S. Department of Housing and Urban Development (HUD),

(3) Allow staff to make minor technical modifications and/or necessary corrections to the CAPER as required by HUD.

The City Clerk shall certify the passage and adoption of this Resolution and enter it into the book of original resolutions.

PASSED AND ADOPTED by the City Council of the City of Citrus Heights, California, this 14th day of March 2019 by the following vote, to wit:

AYES: Council Members:
NOES: Council Members:

CONSOLIDATED ANNUAL PERFORMANCE EVALUATION REPORT FOR PROGRAM YEAR 2018
City of Citrus Heights

Draft Report for Public Review; City Council Public Hearing Date:

CR-05 - Goals and Outcomes

Progress the jurisdiction has made in carrying out its strategic plan and its action plan. 91.520(a)
This could be an overview that includes major initiatives and highlights that were proposed and executed throughout the program year.

The city completed several activities in Program Year (PY) 2018, including the following:

- Completed an accessibility and drainage improvement project that made a variety of improvements to improve low- and moderate-income neighborhoods. The project completed a missing section of sidewalk along Auburn Boulevard with new curb, gutter, and sidewalk; constructed accessible curb ramps; reconstructed failed sections of existing curb, gutter, and sidewalk; reconstructed and relocating drainage inlets; and reinstalled associated traffic striping, legends and markings.
- Provided a range of social services through several partner agencies, including senior meals, case management, landlord/tenant and fair housing counseling, juvenile diversion and education services, domestic violence, and an after-school youth program.
- Offered a First-Time Homebuyer Program to eligible low-income persons interested in purchasing a home in Citrus Heights.
- Offered a Housing Repair Program to low-income homeowners to make health and safety repairs to their homes.
- Collaborated with several governmental entities in the region including Sacramento Housing and Redevelopment Agency, Elk Grove, and Rancho Cordova on a regional Assessment of Fair Housing.

In addition to CDBG-funded services, the city also assisted thousands of people through its locally funded non-profit grant programs. These grants provided funding for housing counseling and navigator services, domestic violence services, food for lower-income people and seniors, and an after-school program for at-risk youth.

Comparison of the proposed versus actual outcomes for each outcome measure submitted with the consolidated plan and explain, if applicable, why progress was not made toward meeting goals and objectives. 91.520(g)

Categories, priority levels, funding sources and amounts, outcomes/objectives, goal outcome indicators, units of measure, targets, actual outcomes/outputs, and percentage completed for each of the grantee’s program year goals.

Assess how the jurisdiction’s use of funds, particularly CDBG, addresses the priorities and specific objectives identified in the plan, giving special attention to the highest priority activities identified.

As part of the Consolidated Plan effort, the city selected two key priorities:

1. Build healthy communities; and
2. Expand economic opportunities.

Those goals align closely with three of the City Council three-year goals, which include maintain fiscal stability, diversify for a changing economy, and improve streets and infrastructure.

Within those priorities, the city identified six main goals:

1. Foster affordable housing;
2. Expand homeless transitional housing and services;
3. Create job training opportunities;
4. Improve accessibility;
5. Construct or upgrade public facilities, and
6. Provide other social services.
Assess how the jurisdiction’s use of funds, particularly CDGB, addresses the priorities and specific objectives identified in the plan, giving special attention to the highest priority activities identified.

The 2015-2019 Consolidated Plan identifies the following housing goals:

- Enhance the quality of safety of the existing housing stock
- Provide programs that assist first-time homebuyers in order to stabilize homeownership rates and to increase the level of resident investment in neighborhoods

All projects funded during 2018 addressed one or more of the priorities included in the Consolidated Plan. The city has made progress towards addressing homelessness prevention, provided homebuyer assistance loans to first-time homebuyers, provided health and safety housing repair loans to homeowners, supported nonprofits while offering a wide range of social services, and assisted with an accessibility and drainage improvement project.

Narrative
The city expended a total of $723,003.40 in CDBG funds during Program Year (PY) 2018. The largest project this year was the citywide accessibility project, which expended $406,405.00 in CDBG funds. In addition, the city invested $118,400 in General Fund monies in support of public service activities to CDBG-eligible nonprofits. Meals on Wheels by ACC, Sunrise Christian Food Ministry, Sayonara Youth Center, and many other organizations were beneficiaries of these funds. The city’s First-Time Homebuyer Program assists first-time homebuyers who are income eligible to purchase their first home in the City of Citrus Heights. This program is funded with CalHome and HOME funds the city receives through loan repayments. The Sacramento Housing and Redevelopment Agency (SHRA) is the lead agency in the HOME Consortium and manage the city’s HOME funds. The city expended $40,000 in 2018 to assist one first-time homebuyer. Due to the competitive real estate market in Sacramento County and the income restrictions of the program, it is difficult for first-time homebuyers to enter the market, but the city assists where possible through this program.

Another source of funds is a $1,000,000-grant the city was awarded from the California Department of Housing and Community Development (HCD) for upgrading substandard mobile homes. The City Council approved the program guidelines in January 2016. The city expended $685,440.36 in 2018 to provide low-interest, deferred payment 20-year forgivable loans to eligible mobile home homeowners. The city completed this grant in 2018 and assisted 29 homeowners.

Narrative
The city’s CDBG-funded projects took place at various locations throughout Citrus Heights. The capital projects, such as the annual Accessibility and Drainage Improvement Project, primarily took place in the CDBG target area. Most programs the city offered, including the housing repair program, first-time homebuyer program, and all public services, were available to eligible individuals and households citywide.
Leveraging

Explain how federal funds leveraged additional resources (private, state and local funds), including a description of how matching requirements were satisfied, as well as how any publicly owned land or property located within the jurisdiction that were used to address the needs identified in the plan.

There is no federal requirement for the city to match CDBG fund with other non-federal program resources. In 2018, the city allocated $118,400 in General Fund revenue to non-profits providing a community service in Citrus Heights, in addition to the CDBG investments. All capital improvement projects funded with CDBG have been able to take advantage of other federal and state funding sources including Measure A funds to complete design, engineering, and construction work that exceed the city’s CDBG allocation for these projects.

With respect to public services, the city requires all Subrecipients to identify other resources that will be utilized during the program year to operate and implement CDBG –supportive activities. It is the city’s intent to ensure adequate non-federal and private funds are available, thus minimizing the dependence on federal funds.

**Note:** Table Fiscal Year Summary-Home Match is applicable only to HOME grantees. The city does not receive HOME funding through HUD, rather SHRA is the reporting agency to HUD for this funding, and therefore the table has been removed from this report.

Discuss the difference between goals and outcomes and problems encountered in meeting these goals.

The city was unable to meet its affordable housing goals as outlined in the Consolidated Plan this year. This is due to a lack of viable projects and a lack of available funding. The City of Citrus Heights is 98% built out so there is little land available for new housing developments. Additionally, this means the city does not have substantial development fees with which to fund these efforts. Furthermore, due to the city’s revenue neutrality agreement with the county, Citrus Heights does not receive any property tax revenue until 2022. The elimination of Redevelopment funding at the state level made the development of affordable housing increasingly challenging.
Despite these challenges, the city has taken steps toward meeting its affordable housing goals. On January 11, 2019, the City Council approved a 47 unit multi-family affordable housing development, named Sunrise Pointe. In addition, the City Council approved the allocation of $1.3 million from the Citrus Heights HOME Investment Partnerships Fund. The Sacramento Housing and Redevelopment Agency (SHRA) is the lead agency in the HOME Consortium and is responsible for managing the city’s annual HOME allocation and related program income. The Sunrise Pointe developer is Jamboree Housing Corporation and the service provider is TLCS, Incorporated. Sunrise Pointe will provide permanent affordable housing for persons and families identified through the coordinated entry system.

This project is a qualified “affordable” project under State Government Code. To qualify as an affordable housing development, the project must set aside a certain number of units to households whose income is considered low to very low. Sunrise Pointe is a 100 percent affordable development, meaning all 46 units will be for residents whose income ranges all within or below the income limits. The developer has agreed to execute 55-year affordability covenants on the property in exchange for the HOME funds. The Sunrise Pointe development is made up of two residential buildings totaling 46 rental units and one manager apartment. This project is currently identifying gap funding sources and is estimated to begin construction in March of 2020.

Additionally, the city is optimistic that we will move forward with Sayonara Drive development as described below.

Discuss how these outcomes will impact future annual action plans.

The city owns 13 vacant lots on Sayonara Drive, which once contained dilapidated four-plexes that were demolished using Neighborhood Stabilization funds. The tenants were relocated and the city has a state statutory requirement to replace these units. As part of the Sunrise Pointe Project approved in January 2019, the city will replace 23 units or 46 bedrooms. This leaves a remaining replacement obligation of 12 units or 24 bedrooms. The city is currently working on a plan to satisfy the remaining replacement obligation.

Additionally, the city promotes affordable housing opportunities through its Housing Repair Program – offering low-interest, deferred payment loans to homeowners for essential repairs. This program assists homeowners in maintaining affordable housing and improves the overall condition of the city’s housing stock for future generations.

Include the number of extremely low-income, low-income, and moderate-income persons served by each activity where information on income by family size is required to determine the eligibility of the activity.

**Narrative Information**

The Sacramento Self-Help Housing Counseling/Navigator Program assisted all persons served. This program is available to all Citrus Heights residents who are currently homeless, or in immediate danger of becoming homeless. The navigator partners with various non-profits in the city such as Campus Life, A Community for Peace, WEAVE, Crossroads Employment Center and others to identify individuals and families in need of housing counseling.

In 2019, the navigator will continue to provide outreach services to individuals and families who are currently or in immediate danger of becoming homeless. The navigator will network with Citrus Heights agencies to connect the person or household with services and to be their advocate in finding permanent stable housing.
CR-25 - Homeless and Other Special Needs 91.220(d, e); 91.320(d, e); 91.520(c)

Evaluate the jurisdiction's progress in meeting its specific objectives for reducing and ending homelessness through:

Reaching out to homeless persons (especially unsheltered persons) and assessing their individual needs

The city provided funding to Sacramento Self-Help Housing (SSHH), which delivers an ongoing service to an increasing number of households each year. SSHH continues to provide housing counseling services and navigator services to low-income and homeless persons as well as those at risk of becoming homeless. The city's navigator engages and interacts with individuals located in Citrus Heights.

The housing counselor provides housing information and other referrals based on the household’s intake assessment. Each household is provided with information regarding housing availability and rental criteria. In addition, participants may receive assistance in completing housing-related paperwork such as rental applications, and receive housing interview tips. The housing counselor served as the household's advocate and maintained regular contact through routine follow-up. The housing counselor may provide additional housing referrals and support as needed until the household secures permanent and stable housing.

The navigator provided outreach services to individual and/or families who are currently or in immediate danger of becoming homeless. The navigator is an employee of Sacramento Self-Help Housing who collaborates with the Citrus Heights Homeless Outreach Officer to locate and identify persons within the homeless population in want of services. The Navigator’s goal is to remove the barriers to accessing housing including connecting individuals to available services and transporting clients to appointments. The Navigator will interact with the homeless in a positive way, get to know the person and assist them with overcoming the barriers that keep them from obtaining and maintaining permanent and stable housing.

Addressing the emergency shelter and transitional housing needs of homeless persons

City staff participates in the Homeless Assistance Resource Team (HART), a group of agencies, non-profits, faith-based organizations, members of the business community and interested individuals dedicated to addressing Citrus Heights homeless issues. The goal of HART is to provide homeless individuals with resources so they may better access housing options. The Navigator also provides referrals and resources. The Citrus Heights HART operates an annual Winter Sanctuary Program that provides overnight shelter and services from November to February for up to 25 individuals per night.
City staff also participates in outreach efforts to the unsheltered homeless. Police officers who are in contact with the homeless population connect with the Navigator to conduct outreach along the trails, creeks and other known homeless camps. The Navigator will also connect clients to Sacramento Steps Forward, the HUD-designated Continuum of Care (CoC) for the Sacramento Region.

The city maintains strong involvement with Sacramento Steps Forward as it manages the Continuum of Care. The city’s Development Specialist, Stephanie Cotter, currently serves on the Continuum of Care Advisory Board. The Continuum of Care Board is responsible for advising the Sacramento Steps Forward Board of Directors on policy around the issue of homelessness. The goal of the Advisory Board is to ensure Sacramento Steps Forward retains a broad representation of the constituents in the community, allowing the organization to establish a more efficient method of community planning and evaluation.

As mentioned, the city funds Sacramento Self-Help Housing who offers housing counseling to those who are at risk of homelessness or who are homeless along with the Navigator who reaches out to the homeless in partnership with the Citrus Heights Police Department. Additionally, the City of Citrus Heights is an active participant in the regional Homeless Emergency Aid Program (HEAP) efforts. The City Council adopted an emergency shelter crisis declaration in January 2019 and is working with the CoC to implement and monitor the HEAP-funded programs within Sacramento County.

Helping low-income individuals and families avoid becoming homeless, especially extremely low-income individuals and families and those who are: likely to become homeless after being discharged from publicly funded institutions and systems of care (such as health care facilities, mental health facilities, foster care and other youth facilities, and corrections programs and institutions); and, receiving assistance from public or private agencies that address housing, health, social services, employment, education, or youth needs

The city provided funding to Sacramento Self-Help Housing who offers housing counseling to households who are at risk of becoming homeless. Self-Help collaborates with nonprofits to reach a greater number of clients who many need assistance locating stable housing options. In addition, Self-Help provides a searchable database of low-income housing options on their website.

Helping homeless persons (especially chronically homeless individuals and families, families with children, veterans and their families, and unaccompanied youth) make the transition to permanent housing and independent living, including shortening the period of time that individuals and families experience homelessness, facilitating access for homeless individuals and families to affordable housing units, and preventing individuals and families who were recently homeless from becoming homeless again
The city coordinates and participates in the Homeless Assistance Resource Team (HART), a group of agencies, nonprofits, faith-based organizations, and interested individuals dedicated to addressing Citrus Heights homeless issues. The goal of HART members is to provide homeless individuals with resources in order to access housing. The city also participates in outreach efforts to unsheltered homeless with the Citrus Heights Navigator and the Citrus Heights Police Department, resources provided upon contact of someone experiencing homelessness or at-risk of homelessness.
CR-30 - Public Housing 91.220(h); 91.320(j)

Actions taken to address the needs of public housing

The Sacramento Housing and Redevelopment Agency (SHRA) is the public housing agency serving the City of Citrus Heights. SHRA is independent of Citrus Heights, and the city retains no control over their funding or implementation of programs. Refer to the SHRA Public Housing Authority Annual Action Plan for information on the ways that SHRA addresses public housing needs.

Actions taken to encourage public housing residents to become more involved in management and participate in homeownership

SHRA encourages public housing residents to participate in policy, procedure, and program implementation of development through its Resident Advisory Board. In addition, the Housing Authority recognizes Resident Committees throughout the Sacramento Region; the residents are elected bodies representing residents in their respective complexes. SHRA also distributes a quarterly newsletter to all residents, contains relevant news, information on training and employment opportunities, and other community resources available to public housing residents. Public housing residents also participate in the development of SHRA’s five-year annual plan. The Resident Services Division distributes a survey to prioritize resident needs, and short- and long-term improvements.

Actions taken to provide assistance to troubled PHAs

SHRA is not designated as “troubled”.

**CR-35 - Other Actions 91.220(j)-(k); 91.320(i)-(j)**

**Actions taken to remove or ameliorate the negative effects of public policies that serve as barriers to affordable housing such as land use controls, tax policies affecting land, zoning ordinances, building codes, fees and charges, growth limitations, and policies affecting the return on residential investment. 91.220 (j); 91.320 (i)**

A continued supply of housing to all household income levels is essential to meet the needs of the residents of the city. Citrus Heights is largely “built-out” and the supply is dependent not only on production, but on the preservation of existing affordable housing. To assure the continuing production of affordable housing, the city has examined possible constraints and barriers. Constraints to affordable housing are both governmental and non-governmental. Governmental constraints include land use controls, entitlement processing, fees and building codes.

Land use controls are necessary to ensure orderly and appropriate development and growth in the city. Fees, land dedication and public improvements are usually required as part of land development and entitlement processing to ensure an adequate supply of infrastructure, parks and schools to serve the development. The city may also consider waiving appropriate development fees to facilitate development of affordable housing. Building and housing codes are implemented to ensure the safety of the community (housing residents, specifically).

**Actions taken to address obstacles to meeting underserved needs. 91.220(k); 91.320(j)**

While there are several constraints to meeting low-income residents noted in the Consolidated Plan, there are two primary obstacles to meeting underserved needs:

- **Available funding is not sufficient to address the community’s needs.** In 2018, $88,000 in CDBG funding was available to public service agencies and the city provided $118,400 in local funding for Fiscal Year (FY) 17/18. The city continues to support nonprofits to identify other public or private funding sources.
- **Although the majority of the region’s service providers are located in Sacramento, Citrus Heights is home to services such as food banks, youth programs, and domestic violence service providers.** Citrus Heights offers public transportation to the Sacramento area, but residents are sometimes reluctant or unable to travel outside of their community to receive services.

**Actions taken to reduce lead-based paint hazards. 91.220(k); 91.320(j)**

The city contracts with a third-party firm to administer its housing programs. This firm contracts with qualified lead abatement contractors to conduct lead-based paint identification, assessment, and clearance services to reduce lead hazard. The work is compliant with Title X requirements. The city provided lead-based grants to one single-family household.
**Actions taken to reduce the number of poverty-level families. 91.220(k); 91.320(j)**

The city’s anti-poverty strategy focuses on providing a range of employment opportunities and supportive services aimed at enabling those in poverty to move into the workforce, as well as supporting activities that preserve and expand the supply of housing affordable to target-income households.

- Meals on Wheels by ACC offered daily nutritious meals to low-income homebound seniors and offered congregate meals to seniors.
- Sacramento Self-Help Housing provided counseling and social services to homeless individuals or those at risk of becoming homeless, including drop-in counseling/office hours and case management services.
- Sunrise Christian Food Ministry operates an emergency food closet in Citrus Heights available to low-income persons.
- The city also provides code enforcement services to ensure lower-income households have a safe and decent place to live.

Citrus Heights residents also have access to anti-poverty services provided by the County Department of Human Assistance. The County provides many programs designed to provide temporary assistance to families in need, and coordinates the County’s welfare-to-work programs, with an emphasis on creating employment connections and increasing the income of the program’s participants. Overall, the goal of all agencies’ programs is economic self-sufficiency.

**Actions taken to develop institutional structure. 91.220(k); 91.320(j)**

In an effort to eliminate gaps in institutional structures, the city remains actively involved with neighboring jurisdictions and regional governmental entities. The city coordinated with Sacramento Housing and Redevelopment Agency (SHRA) to address affordable housing needs related to Section 8 and public housing activities. In addition, the city collaborated with SHRA to allocate the city’s HOME funds to the Sunrise Pointe Affordable Apartment Project. The city also collaborated with several municipalities and SHRA to prepare regional grant applications for the Emergency Solutions Grants and No Place Like Home programs. As mentioned previously, Citrus Heights is also partnering with Sacramento Steps Forward, Sacramento County, City of Sacramento, City of Elk Grove, and the City of Rancho Cordova on the California Homeless Emergency Aid Program (HEAP).

In addition, the city worked with Elk Grove and Rancho Cordova, the two other small entitlement jurisdictions in Sacramento County, to research issues of interest to all jurisdictions and to coordinate on shared subrecipient monitoring. The city continues to look for opportunities to collaborate with other jurisdictions to increase and enhance services to residents.
Actions taken to enhance coordination between public and private housing and social service agencies. 91.220(k); 91.320(j)

The city continued to work with neighboring jurisdictions, including the City of Rancho Cordova, City of Elk Grove, County and City of Sacramento and the Sacramento Housing and Redevelopment Agency, to address the regional issues that affect the needs of low-income persons as well as special need programs, shared Subrecipient monitoring and research into issues of interest such as the Affirmatively Furthering Fair Housing final rule. The city also continues to work with many of the local nonprofits that provide a range of services to low-income residents.

Identify actions taken to overcome the effects of any impediments identified in the jurisdictions analysis of impediments to fair housing choice. 91.520(a)

HUD provides specific requirements that entitlement grantees certify that they will affirmatively further fair housing in their jurisdiction. Fair Housing objectives are broad, and include requirements to promote fair housing choice for all persons and to foster compliance with nondiscrimination provisions of the Fair Housing Act. These requirements are satisfied, in part, by analyzing impediments to fair housing choice within the jurisdiction and taking appropriate action to overcome the effects of identified impediments.

The city’s approach to fair housing in 2018 focused on outreach and education:

- Sacramento Self-Help Housing (SSHH) has provided education on tenant/landlord and fair housing law to clientele in need since 2013. SSHH also works with the California Apartments Association (CAA), Legal Services of Northern California, and Project Sentinel to provide fair housing education, investigation, and resources.
- The city supported a series of trainings offered to landlords provided by CAA on fair housing and discrimination issues. The trainings covered topics such as reasonable accommodation, familial status discrimination and occupancy limits. Trainings were offered three different times throughout the year Countywide, including Citrus Heights via webinar.
- The city entered into an agreement in December 2016 between the Sacramento Housing and Redevelopment Agency (SHRA) and 10 other municipal corporations to cost share the fees to assess fair housing. The regional assessment of fair housing is currently underway. This is the first partnership of its kind nationwide.
CR-40 - Monitoring 91.220 and 91.230

Describe the standards and procedures used to monitor activities carried out in furtherance of the plan and used to ensure long-term compliance with requirements of the programs involved, including minority business outreach and the comprehensive planning requirements.

The city uses a monitoring system to ensure that CDBG-funded activities are in compliance of applicable laws, regulations, policies, sound management, and account practices. The primary objective of the city’s monitoring efforts includes:

- To ensure the Subrecipient have the capacity to carry out their responsibility and to do so in a timely manner.
- To ensure the Subrecipient is carrying out the project as described in their agreement, complying with applicable laws and regulations.
- To ensure the project is operating in a manner that minimizes the opportunity for fraud, waste, and mismanagement.

At the beginning of the program year, all Subrecipients are informed of their obligations to collect the required information on income, household composition, race, and ethnicity. The city also provides information to each Subrecipient that outlines the agreement terms and CDBG policies such as data collection and financial management. City staff also recommends each Subrecipient read the “Playing by the Rules” guide produced by HUD. Staff will provide technical assistance to each Subrecipient throughout the year as needed.

Quarterly, staff reviews the progress the Subrecipient has been making toward achieving performance goals. Public service Subrecipients must report their service population with each invoice. Each Subrecipient agreement contains provisions for reduction or termination in the event goals are not accomplished or when past performance issues have not been resolved. Onsite monitoring of Subrecipients is conducted based on an annual desk assessments performed by city staff.

The city has placed a strong emphasis on its Subrecipients to gather complete and accurate information on the persons or households served, and regularly reporting of progress.

SUBJECT: Public Hearing #2 Regarding the Composition of the City’s Voting Districts Pursuant to Elections Code Section § 10010 (a)(1) California Voting Rights Act

Summary and Recommendation

On January 10, 2019, the City Council adopted a resolution of intention to transition from at-large to district-based elections. Pursuant to California Elections Code §10010, this is the second of two public hearings to inform the public about the districting process, present options available to the city, and receive community input on the criteria for drawing the boundaries of the voting districts, prior to drafting district map boundary alternatives.

Staff recommends the Council hold the second of five public hearings to receive input on the composition and number of voting districts, and request any additional information needed for the public hearing scheduled for May 23, 2019.

Fiscal Impact

There is no fiscal impact associated with this public hearing.

The total fiscal impact of the districting process is estimated to be approximately $90,000. This includes the increased, recurring cost of approximately $6,000 from the County Registrar of Voters for conducting a district-based, as opposed to at-large, election and a one-time payment to Shenkman & Hughes capped at a not-to-exceed $30,000 and one-time costs for a demographer to assist with drawing boundaries for the voting districts, estimated at $34,000. There will also be time spent by City staff and the City Attorney on this matter estimated at $20,000.

Background and Analysis

In order to conform with the California Voting Rights Act of 2001 (CVRA) the city will transition to district based elections within a 180 day timeframe in preparation for the 2020
General Election. Pursuant to Elections Code § 10010, the city is required to hold at least two public hearings over a period of no more than 30 days before any map or maps of the boundaries for the proposed voting districts are drawn. At the public hearings, the community is invited to provide input regarding the composition of the districts. The City Council will then define the criteria used to create one or more proposed district maps, and present the draft map or maps for public comment and review in two subsequent public hearings.

The City Council will then provide further direction to finalize the map, which will be presented to the City Council for a final vote. The City Council is the final decision-making body on adopting districting boundaries. To ensure a cap of $30,000 on the limitation of the city’s reimbursement to prospective plaintiffs challenging the city’s compliance with § 10010 of the Election Code (known at the “limited safe harbor” provision), adoption of the ordinance must occur within a 180 day timeframe.

**Districting Timeline**

The city has scheduled the required public hearings as follows:

**Criteria for Creating District Maps**

Cities must comply with the following legally required criteria under federal law:

1. Each district must have equal populations or “shall be as nearly equal in population as may be,” which is known as the one person, one vote rule. (Elections Code § 21601; Gov. Code § 34884(a)(1); Equal Protection Clause of the U.S. Constitution.)

3. The districting plan must comply with the Federal Voting Rights Act (“FVRA”), which prohibits districts from diluting minority voting rights and encourages a majority-minority district if the minority group is sufficiently large and such a district can be
drawn without race being the predominant factor. \((\text{Bartlett v. Strickland} \text{ (2009)} 556 \text{U.S.} 1.)\)

Additionally, cities may, but are not required to, give consideration to the following factors: (a) topography, (b) geography, (c) cohesiveness, contiguity, integrity, and compactness of territory, and (d) community of interests of the council districts. (Elections Code § 21601; Government Code § 34884(a)(1).) When defining districts, other communities have considered natural and artificial physical/visual boundaries such as major roads/corridors, freeways, creeks, railroad lines, political subdivisions, or other barriers. Community of interests may include school district boundaries, neighborhood boundaries, established homeowner associations (“HOAs”), retail/commercial districts, voting precincts, and public transit stops. Cities may also plan for future growth based on anticipated housing developments.

\textit{Public Outreach}

To increase public awareness of the transition to district elections, the city is using a variety of public communication channels to engage members of the community. Districting information is featured on the city’s website and social media channels (e.g., Facebook, Twitter, Nextdoor). The city’s website is populated with “public participation kits,” and general districting information. Members of the public can either submit draft maps by drawing on a paper map, or use the excel kit that automatically calculates district population numbers based on entries into the electronic worksheet. City staff will be available for assistance and questions throughout the process.

\textit{Next Steps}

The next public hearing to receive and consider further input from the public is scheduled for May 23, 2019. At this meeting, the public will be given the opportunity to comment on draft district boundary map(s). The public is encouraged to provide input via emails to cityclerk@citrusheights.net, or via “public participation kits” available for download on the city’s website. Input may also be dropped off at City Hall. Completed maps and any other input must be received by May 13, 2019, for consideration for the next public hearing scheduled for May 23, 2019.

SUBJECT: General Plan Annual Progress Report 2018

Summary and Recommendation
Staff recommends City Council adopt Resolution No. 2019-___ accepting the 2018 General Plan Annual Progress Report and direct staff to forward the report to the appropriate state agencies in accordance with Government Code Section 65400.

Fiscal Impact
None

Background and Analysis
State law requires all cities and counties submit to their legislative bodies an annual progress report on the status of the General Plan and progress in its implementation. The city’s General Plan contains 66 goals to guide overall city development. As a basis for local government decision-making, these goals and policies are analyzed and serve as the guiding action to achieve the overall vision for the community.

State law requires each jurisdiction to submit a report to the Governor’s Office of Planning and Research (OPR) to ensure the goals, policies, and action items of the General Plan are being implemented. Furthermore, a report on the progress made to implement the Housing Element of the General Plan must be provided to the Department of Housing and Community Development (HCD). Staff has combined the reporting elements of OPR and HCD into a single Annual Progress Report (Attachment 1), which provides an analysis of those General Plan policies and action items that have made notable progress during calendar year 2018, and also includes the annual Housing Element progress report for all action items.

The Planning Commission has reviewed the General Plan Progress Report and is forwarding the report for the City Council’s review and acceptance. Staff will forward the report to OPR and HCD as required by law.

2018 General Plan Annual Progress Report
This document prepared by the City of Citrus Heights Planning Division.

Colleen McDuffee, Planning Manager
Alison Bermudez, Associate Planner

The City of Citrus Heights Planning Commission reviewed and accepted the report on February 27, 2019.

The City of Citrus Heights City Council reviewed and accepted the report on March 14, 2019.
Purpose of this Document

Section 65400(b) of the State of California Government Code requires planning agencies to provide an annual report to their legislative body, the Governor’s Office of Planning and Research (OPR), and the State Department of Housing and Community Development (HCD) on the status of the General Plan and progress in its implementation. The four basic purposes of the annual report are as follows:

• To provide information to assess progress on implementation of the General Plan in accordance with the stated goals, policies and implementation measures.

• Provide information to identify necessary course adjustments or modifications to the General Plan as a means to improve implementation.

• To provide a clear correlation between land use decisions made during the reporting period, and the goals, policies and implementation measures in the General Plan.

• To provide information regarding local agency progress in meeting its share of regional housing needs and local efforts to remove governmental constraints to the development of housing.

State law requires that the General Plan Annual Progress Report (APR) be completed and submitted to the state each year for the previous calendar year. This APR looks at the City of Citrus Heights’s progress toward implementing its General Plan during the 2018 planning year.

General Plan Background

Upon incorporation in January 1997, the city adopted the Sacramento County General Plan. Soon thereafter, the city embarked on an intensive process of crafting the first General Plan. The resulting plan was adopted on November 15, 2000. Citizen participation played an important role in preparing the city’s General Plan. Because a General Plan needs to reflect community goals and aspirations, citizens were involved with issue identification and goal formulation. The public as well as various civic and professional organizations were consulted during the General Plan preparation stage whenever possible. Numerous public meetings were held to discuss the General Plan. In 2011, a focused update to the General Plan was completed that addressed the areas of mobility/complete streets, water quality, climate change/sustainability.

The General Plan addresses State General Plan requirements. California law requires that every city and county adopt a long-term General Plan that addresses seven specific topics or “elements,” organized in any format or structure preferred by the community. The General Plan may also address other topics the community feels are relevant. Regardless of the format or issues addressed, the Plan must be internally consistent. The city’s Plan is organized into three elements that meet the State requirements, as shown in Table 1: General Plan Content.

City’s Responsibility

The effectiveness of the General Plan ultimately depends on how it is implemented and maintained over time. State law requires that most actions of local governments affecting the physical environment be consistent with the General Plan. The implementation of the Plan is the responsibility of numerous departments and divisions including:

- City Manager’s Office (City Clerk, City Attorney, Economic Development, and Information Technology Divisions)
- Community Development Department (Planning, Building and Housing Divisions)
- Police Department (Includes Code Enforcement and Rental Housing Inspection Divisions)
- General Services Department (Public Works & Engineering, Community Services and Facilities, Grounds & Fleet Divisions)
- Administrative Services Department (Finance and Human Resources Divisions)

Additionally, several other governmental agencies provide services within the city’s boundary. While these agencies are neither part of the city’s operational structure nor directly responsible for implementation of the General Plan, the city does coordinate its activities with these other agencies and relies upon their assistance for full implementation of the General Plan. These agencies include, but are not limited to the following:

- Water Districts (3)
- Sacramento Metropolitan Fire District
- San Juan Unified School District
- Sunrise Recreation and Park District
- Sacramento Area Sewer District

Amendments to the General Plan

State law allows the city to amend its General Plan no more than four times per year. Amendments may be proposed and acted upon at any time during the year and one action may include multiple...
amendments. Any changes to the General Plan require public hearing by the City Council and evaluation of the environmental impacts as require by the California Environmental Quality Act.

In 2018, the city amended the General Plan one time with an amendment to the Plan to discourage commercial subdivisions that would hinder the viability of commercial shopping centers and the potential for redevelopment. Goal 9 was amended to add a new policy that states:

Policy 9.5 Discourage the creation of any new parcels within existing commercial centers, if such creation might hinder the viability and/or future redevelopment of the center.

The General Plan Amendment also eliminated the General Plan’s Floor Area Ratio standards for all residential uses within a commercial zoning district. The General Plan now relies on maximum Dwelling Units per Acre (DU/AC) when evaluating development proposals for consistency with the General Plan. This amendment will enable further redevelopment of higher density residential properties and commercially designated properties.

**Major Milestones and Projects**

The city initiated or approved construction for the following major projects during the 2018 planning year:

**Mariposa Creek Subdivision** - The first new subdivision since 2015 broke ground in late 2018. Mariposa Creek is a 15-lot subdivision located on the north side of Antelope Road, just west of Mariposa Ave. The project will assist with the city’s growing need of for-sale housing.

**Sunrise Boulevard Complete Streets Phase II** - The Sunrise Boulevard Rehabilitation and Complete Streets Project (multiple Phases) is a comprehensive and realistic Complete Streets project that will rehabilitate and reconstruct a regionally significant arterial, adding much needed Complete Streets element throughout the project area.

In September, Phase 2A of the revitalization project was completed. The phase saw the installation of new storm drain system, new curb, gutter and sidewalk, and new street lights. In addition, restriping of the boulevard decreased travel lane widths and placed dedicated bike lanes.

**Baird Way Drainage Project** – In 2018, the city started and completed the Baird Way Drainage Project that eliminated localized flooding and drainage problems for residences along Baird Way, between Mariposa Avenue and Holly Drive. The project included replacing an existing under-sized storm drain system on Baird Way with a new larger pipe and constructing a new swale to property convey surface flows.

**Grants Received that Support the Goals of the General Plan**

**Multi Modal Transportation Safety Program** – In October 2018, the city received a Sustainable Transportation Planning grant in the amount of $180,000 to develop the Multi Modal Transportation Safety Program (MMTSP). The MMTSP will develop guidelines and procedures to initiate the evaluate requests received from the public in regard to new signs, striping, crosswalk, speed humps, traffic calming and traffic enforcement. Having the MMTSP in place will lead to application of multimodal safety improvement throughout the city in an engaged, transparent and equitable manner. This aligns with Goal 29 of the General Plan.
**Status of General Plan Implementation Actions**

The table below analyzes selected General Plan policies and action items that made notable progress in 2018. The table is not a comprehensive list of all policies and action items in the General Plan; many policies/actions are under ongoing implementation, and may not be listed here. As the majority of the General Plan policies and related action items have been implemented through the adoption of ordinances or resolutions, incorporated into the regular governmental activities of the applicable departments, or included in development proposals as they are reviewed for consistency with the city’s policies, the purpose of providing the policy implementations below is simply to streamline the review and highlight the annual progress efficiently. A comprehensive list of all General Plan policies and action items with status and/or implementation can be viewed in prior General Plan APRs.

A review of the Housing Element implementation status for all action items, and progress toward meeting the city’s Regional Housing Needs Assessment, is provided in the subsequent section, beginning on page 9.

### Housing Element Annual Progress Report

**Overview**

Preserving and enhancing the range and affordability of housing in an important goal of the General Plan. A goal of the Plan is to continue to address the housing needs for all, including move-up homeowners, low-income renters, seniors, disabled persons, and other with special needs. The Plan includes a variety of goals, policies and actions primality directed toward the following objective:

- Increase the level of home ownership in the community
- Preserve the existing housing supply and assure its continuing quality.

This annual report includes a review of the Plan’s goals as they relate to housing. Table D, included within this report, provides the status/progress of the programs within the housing element section of the General Plan.
Regional Housing Needs Plan

In an effort to address statewide housing needs, the state of California requires regions to address housing issues and needs based on future growth projections for the area. Housing and Community Development (HCD) allocates regional housing needs to councils of government throughout the state. The Regional Housing Needs Plan (RHNP) then allocates to each city and unincorporated county their “fair share” of the region’s projected housing needs by household income level. This distribution is commonly referred to as the Regional Housing Needs Allocation (RHNA).

The intent of the RHNP is to ensure that local jurisdictions address not only the needs of their immediate areas but also fill the housing needs for the entire region. Additionally, a major goal of the RHNP is to ensure that every community provides an opportunity for a mix of affordable housing to all economic segments of its population.

For the city, the RHNP is developed by the Sacramento Area Council of Governments (SACOG). State law requires the city to identify its progress in meeting its share of the RHNA as well as local efforts to remove governmental constraints to housing. The city’s General Plan Housing Element includes programs and actions to be taken to meet these objectives, and reflects the RHNP and RHNA for the Sacramento region.

SACOG, along with the city and the other jurisdictions in the region, prepared the Regional Housing Needs Plan (RHNP) and the Regional Housing Needs Assessment (RHNA) for the 2013–2021 planning period. The RHNP identified a total of 696 dwelling units as the city’s fair share of the regional needs total. Table 2 identifies the breakdown of this number for each of the income categories covered by the RHNP for the city.

*Numbers from Table B of the Annual Housing Element Report

In 2018, the city amended its Zoning Code and adopted standards for “small lots” with the intention to address the numerous vacant or underutilized multi-family or commercial parcels with the city. These underutilized properties provide potential sites to accommodate housing; however, the majority of available sites are small or irregular shaped which limits the feasibility and desirability of conventional multi-family development such as apartments. Additionally, many of these locations are located along busy corridors that do not lend themselves to conventional single family land developments.

Small Lot Housing Product Developments represent an opportunity to introduce a modern housing product to the city’s inventory of housing stock. Small lot subdivisions allow for ownership of single units...
on individual lots in multifamily and commercial zones where the lots are smaller than those permitted in single family neighborhoods, yet the densities are comparable to existing multi-family zoning. Small lot developments allow for flexibility to deal with a variety of site constraints. Urban design is a critical component to the success of any small lot development.

Small Lot Housing Product Developments provide the additional benefit of increasing affordable home ownership choices. Traditional single family homes are often priced beyond the reach of many families. Small Lot Housing Product developments provide opportunities for homeownership at cost levels affordable to many working in Citrus Heights’ employment sectors. Homeownership is a recognized housing goal in Citrus Heights because of its stabilizing effect upon neighborhoods. A small lot development ordinance would aid in the city achieving its homeownership goals and aid the city in achieving the following Housing Element goals and objectives.

Goal 24: Increase homeownership opportunities to ensure a balance of housing and household types.

Goal 25: Provide adequate sites for a variety of housing opportunities to serve all residents.

Policy: 25.4: Support a variety of housing opportunities on vacant or underutilized land.

Summary of Units
The information below is a summary of housing unit activity of the City of Citrus Heights during 2018. This information is a summary of Tables A through F submitted to the State of California's Housing and Community Development Department.
Housing Element Program Implementation

The city adopted its 2013–2021 Housing Element on April 25, 2013. It was subsequently certified by HCD.

State law requires the city to complete a specific review of the implementation of the programs in the Housing Element. Table D lists each of the programs in the Housing Element and indicates the timeframe to complete the program and the city’s efforts to date. As the table shows, the city is on track with implementation of its Housing Element.
