Self-Certification of Compliance for Single-Family Residential Water-Conserving Plumbing Fixtures

California Civil Code, Article 1.4. Installation of Water Use Efficiency Improvements

- 1101.4 (a) For all building alterations or improvements to single-family residential real property, as a condition for issuance of a certificate of final completion and occupancy or final permit approval by the local building department, the permit applicant shall replace all noncompliant plumbing fixtures with water-conserving plumbing fixtures.
- (b) On or before January 1, 2017, noncompliant plumbing fixtures in any single-family residential real property shall be replaced by the property owner with water-conserving plumbing fixtures.
- (c) A seller or transferor of single-family residential real property shall disclose in writing to the prospective purchaser or transferee the requirements of subdivision (b) and whether the real property includes any noncompliant plumbing fixtures.

(Amended by Stats. 2019, Ch. 310, Sec. 2. (AB 892) Effective January 1, 2020.)

This self-certification may be used in lieu of a city building inspector verifying compliance with the replacement of non-compliant water fixtures for areas of the house not included in the scope of work for the issued permit. I declare, under penalty of perjury, that the residence listed above is in full compliance with the water conservation requirements as mandated by state law.
